**RE: WAYLEAVE APPLICATION FOR PROPOSED NEW 80MM WATER
CONNECTION:
ERF 21712, 134 KING EDWARD ROAD, PAROW**

The aforementioned matter refers.

Herewith, please find application for wayleave in the area depicted in the attached diagram / locality plan.

The project entails: Water connection.

The Directorate: Water & Sanitation, of the City of Cape Town, intends to carry out proposed new water hydrant connection at NO. **134 KING EDWARD ROAD, PAROW**, as indicated on attached drawing no **WS/151/22**.

We kindly request that you provide ourselves with all existing services / infrastructure drawings / location plans and information (GP co-ordinated) so as to enable us to ensure that your infrastructure is protected.

Making progress possible. Together.

Kindly also inform us if and how your services may be affected, and provide with your comments and requirements. In order to mitigate risk, the City additionally kindly requests as much detail as possible, so that the City may accurately and safely execute the project. As such, kindly complete the attached Annexure A, and return a copy thereof, along with the anticipated wayleave approval.

Kindly note, should we fail to hear from you within **30 days** from date hereof, we shall presume that you have no infrastructure in the area depicted in the attached diagram / locality plan, whereupon all risk of damage to your infrastructure would fall upon yourselves.

Please supply us with comments and/or conditions and indicate your existing services on the drawing and return one copy to this office.

In anticipation of your favourable reply and assistance herein, we thank you kindly.

For any further information, feel free to contact **Mr Calvin van der Merwe** at **(021) 400 4469**.

Yours faithfully

.....
